Mission & Vision

Vision and Success
Building a Brighter Future for Foster Kids

Create an environment where all children connected to the foster care system have equal opportunities akin to what parented children receive.

Mission:
Aunt Leah’s Place helps prevent children in foster care from becoming homeless and mothers in need from losing custody of their children. To support them on their journey to self-sufficiency, we provide supported housing, job training and coaching on essential life skills.

Core Values:
1. All behaviour has meaning and is the human tool for communication.
2. Success is fragile and must be tended to and supported with care.
3. Celebration is essential to a successful life.
4. An individual’s artistic/soulful centre must be expressed and appreciated.
5. Entrepreneurial spirit builds individuals and organizations.
6. Community building ensures that we all have a place to go when we need support.

Issue:
In BC, when a child in care turns 19, their government support is cut-off and they are deemed “aged-out” of the system. Today, almost half of these vulnerable teens experience homelessness. Aunt Leah’s is there to help support these kids make a successful transition to independence and adulthood.

Aunt Leah’s works proactively at the ‘entry’ and ‘exit’ points of the foster care system. First, we help low-income families maintain custody of their children, therefore helping to reduce the number of children and youth coming into the permanent care of the child welfare system. Second, we work with foster youth readying to ‘age out’ of foster care, giving supports similar to what average Canadian parents give their own children transitioning to adulthood.
